

# The Chatsworth Chatter

Second Edition \*It's worth the chat\*

## How can we make the world a better place?

Welcome to the Chatsworth Chatter!  
On this page, you can learn how to help stop pollution. There are also students' ways to help make the world a better place. Enjoy!

Ways to stop pollution, and help the environment.

1. Turn off the lights when you are finished with them.
2. Recycle paper plastic, and glass.
3. Don't turn on the water when you are not using it.
4. Don't litter! It's bad for the earth.
5. Always pick up any trash you find outside.

I have a dream that I could end world hunger by going all around the world and give people food.

I have a dream that we will all feel equal by thinking of somebody else's feelings.

I have a dream that I could make people feel compassion for each other.

I have a dream that world hunger will stop, and people will stop wasting food.

# We will always remember...

## Favorite Memories:

**Ian Tannahill:** I don't want to leave because it's a great school and I love it here!

**Rylin Bloom:** I am sad to leave. I want to stay with my friends and make more memories with them!

**Kelsey Jones:** I don't want to leave because my friends are here and I have made a close bond with them.

**Eunice Ajayi:** Although I will be sad I am still looking forward to middle school with new friends.

**Omotayo Kayode Jr:** I will miss the friends I have grown close to but I am looking forward to a good time in middle school.

**Nicolas Martinez:** Since I have made so many friends here it will be hard to say goodbye from all of the memories with my friends to even the teachers. Though I am sad I am super excited for what lies ahead of me in middle school.

**Marco Romeo:** I am sad to leave because I have so many memories here with my new and old friends!

## Experiences:

**Ms. Jenna Johnson:** I loved it when I found out that there would be some familiar students because I am excited to see them again. I also loved the 5<sup>th</sup> grade eco-trekkers field trip!

**Matthew Luniewski:** My favorite part about school is the first day because for once I felt organized and I also got to meet new people, who eventually became my friends!

**Audrey Novobilsky:** Actually I love the teachers the most because they taught me a lot and they were very kind and/or nice to me.

**Ruffin Bell:** I don't really know my favorite memory because there has been so many! But probably meeting new people because in the end we became friends!

# Principal Thoughts

**Mrs. Derrien-**

**How do you feel about the 5<sup>th</sup> graders leaving?**

I feel sad and I will miss their humor. They have grown so much as people! But I know that they will be successful because they are problem solvers and very creative!

**What is your favorite memory at Chatsworth with 5<sup>th</sup> graders?**

How they decided that those kids wanted to start a newspaper and how they represent our school.

**What was your first impression on the 5<sup>th</sup> graders?**

What a great group of children! I also can't believe that the 5<sup>th</sup> grade is drama free, I love it! Also how they are compassionate towards others.

**What is your least favorite thing that's coming up?**

5<sup>th</sup> grade farewell and students leaving me!

**Mrs. Feidler-**

**How do you feel about the 5<sup>th</sup> graders?**

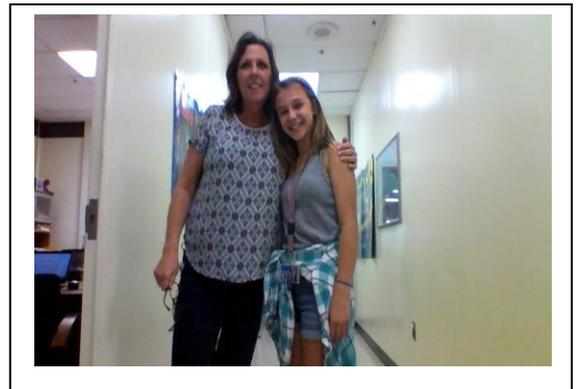

They have matured a lot since 3rd grade, when I met them! Also they are great role-models for the younger kids in our school community by setting examples. But the best part is that they participate in so many before and after school activities.

**What is your favorite experience with the 5<sup>th</sup> graders?**

I feel like I've made a connection with them my favorite experience was the winter concert because it was a great memory!

**What do the 5<sup>th</sup> graders do well?**

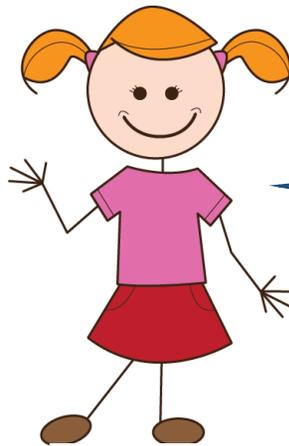

I like how they come to school ready to learn and I think they do that because they enjoy school. Also, they have all had commitment for 5-6 years and they also put in all of their effort here with school work and to get here because some kids live far away but they still come here and that makes me happy!

# A Peek into the Past

Chatsworth is 43 years old!

Chatsworth opened in 1974!

Chatsworth's first principal was Mary Abbot!

Before Chatsworth was here, there was a forest!

The upper parking lot used to be a school for K-8 African American children!

Chatsworth started as a special needs school!

---

*\*All of this information came from Mrs. Ayduovic, Mrs. Redding, Mrs. Wolfe, and Mrs. Pillets. Interviewed by Khushi Desai\**

---

# What about *this* page?

## Interviews on Opinions

**Ms. Feidler:**

**Favorite sport:** volley ball

**Favorite animal:** pigs

**How do you feel about uniforms?**

I love them. I think staff and students should have them. They are comfy and assertive. They help with bullying and take stress away from kids.

**Opinions on Chatsworth?**

I love it. I love coming to school every day. I think it has positive energy.

**How do you feel about the new magnet?**

I'm very proud.

**Ms. Derrien:**

**What is your favorite Dr. Seuss thing?**

Dr. Seuss books have great messages. Also the hat.

**What is your favorite about the visits?**

So many kids are involved in activities and are excited to show others my students.

**How do you feel about the EV3s?**

They're frustrating, but I love them because they force me to collaborate with other.

**How do you feel about scratch?**

I don't really like it.

## Kickball By: Jessica Lewis (Fourth grader)

My name is Jessica Lewis and I love playing kickball at recess. I play on my friend Ben's team. It's a lot of fun, but sometimes the two teams argue, but we all make up and keep playing. Ryan and I aren't on the same team, but we're friends. My favorite memory is when the ball bounced off my head. I'm so glad more girls play. This is kickball (to me).

"MY OPINION? ARE YOU SURE I'M SUPPOSED TO HAVE ONE?"

### Read-a-Thon

This is a school wide event where you have to read for as many minutes as possible from March 2<sup>nd</sup>-March 16<sup>th</sup>. The people with the most minutes in each grade, and largest amount of donations, gets a \$50 dollar Amazon gift card! In pre-school, the winner is **Carl Beatty** for donations and minutes read. In kindergarten, the winners are **Alexa Kraus** for donations and **Wynn Lucke** for minutes read. In first grade the winners are **Finley McGinnis** for donations and **Logan Hardy** for minutes read. In second grade, the winners are **Austin Brennan** for donations and **Max Bishow** for minutes read. In third grade, the winners are **Scarlett Cornwell** for donations and **Joshua White** for minutes read. In fourth grade, the winners are **Bea**

**Montances** for donations and **Mairead Lucke** for minutes read. Finally, in fifth grade, the winners are **Hayden Hoffman** for donations and **Sofia Makarashvili** for minutes read. Congratulations everyone!

### Science Fair

Science fair, is a unit where you have to answer a question by doing a scientific experiment with your group. In fourth grade, first place goes to **Tara Stolusky** for Paper Towel Power. Second place goes to Absorbency Masters which consists of **Elaina Eisenberg, Jairus Coates, Jessica Lewis, and Justin Walker**. Third place was a tie, but the winners were **Samantha White, Rosalee Kaminsky, and Louis Masset** for The SSS and **Seth Wright, Alyssa Banks, Nicholas Crockett, and Bea Montances** for Atmosforce. Fourth place went to **Tommy Mugaunlinsky, Addy Van Camp, and Ajibola Fasasi** for Garbage Parade. In fifth grade, first place goes to Bounce by the Ounce, which was created by **Mackenzie Campbell, Rylin Bloom,**

**Audrey Novobilsky, and Erin Cobbler**. Second place was a tie, but the winners were **Lana Bishow** for Soda Pops! ... or Not? Continued, and **Erin Cobbler** Energy of Light: Slight or Bright?! Third place goes to Your Destination for Separation, which was created by **Jiya Saini, Katie Connelly, Eunice Ajayi, and Sofia Makarashvili**.

## The Chatsworth's Choice Awards

### Safe Racer

Safe Racer is an event completed by third graders, where you have to build a car out of recycled materials. Your car must survive a number of tests, while Eggbert the egg, is in the car. The winners of this year's school Safe Racer competition is "Mighty Team", which consists of **Derek Krizman, Daniel McCormick, Taylor Moir, and Samantha Halle**.

### Math 24

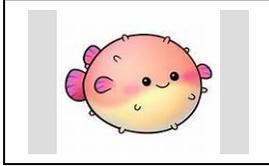

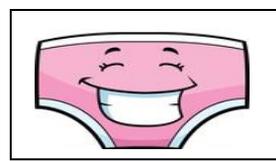

Math 24 is a game where you have a card that consists of four numbers. You can use multiplication, addition, subtraction, or division, but you must use all of the numbers to get the number twenty-four. The representatives of Chatsworth School that went to the county competition are **Makenzie Catina** for single-digits, and **Ethan Powers** for double-digits. Although Ethan couldn't make it to the competition we are still proud of him. Great job **Makenzie** and **Ethan**!

### Battle of the Books

Battle of the Books is a competition where your team consists of five people. You need to read the ten Black Eyed-Susan 4-6 chapter books, and you will be asked questions about those books at the actual battle. This year we had four teams, but only three can go to the actual competition. The teams that went to the competition are LOL: Leaders of Literature, The Bookers, and the winner of the tie, the Reading Racers. Sorry, Blu Kru, better luck next time! After battling it out with Glyndon Elementary, Franklin Elementary, Reisterstown Elementary, and other Chatsworth teams at the final competition, The Bookers won!

### Magnet Poster Competition

This is a competition where you have to create a poster showing different magnets, such as performing arts, visual arts, or computer science, and why they are important for school and our lives. You might have heard an announcement on the morning announcements for **Eunice Ajayi**, who won the state magnet poster competition, and is now going to the nationals! Congratulations Eunice! We hope you win!

# Stories & Poems

## The Underwater Dilemma

By: Rylin Bloom, 5<sup>th</sup> grade

### Chapter 1

One tragic day under the sea, I Puffy the puffer fish and I Fluffy the scallop took on a handful of things. Ok, now let's get to the story of: Pirate Pinchy and his fishbowl ship.

So, we start off when Fluffy and I were curious. We were swimming along in the sea and we found a piece of gold. "Whoa!" We both started to scream. Then, we realized you don't usually find a piece of gold anywhere. Then, we kept on swimming and we started to find more and more gold. Once we got to the end of the gold, we found a pirate ship. Now this pirate ship wasn't any ship, it was Pinchy the Pirate's ship! We were overjoyed because we were big fans – but not for long.

### Chapter 2

We started towards the ship. When we got there we swam on in. Little did we know it was going to be a big dilemma. As soon as we got foot on the ship, we heard, "Stop right there!" It was Pirate Pinchy!

He was mad and wanted to hunt us down! As he came closer and closer to us we ran to the door and bumped our heads, because we were trapped in a fishbowl. We swam and hid in the attic. Puffy started puffing up and that made me yell because it hurt. We were close to getting hunted down.

Out of nowhere we saw a window and jumped out of it for dear life! "AHH!" we screamed. We made it out. Then we decided to never go around there again. Just around our houses.

Now we are sitting and want to have another adventure. So, we go out. We see gold from a distance and know not to go near Pirate Pinchy's house again!

### The Day My Underwear Left

By: Amani El-Dahabi

3<sup>rd</sup> grade

Guess what happened today?

My underwear ran away.

I don't know why but maybe it's shy.

The last time I saw it around it was working out.

I don't know why it left but maybe

It wants to be a chef.

Can you help me find my underwear?

### The Fight!

By: Ellie Rorke

One day on a farm, Pig and Pony were playing a game. Pony won and said, "I am bigger so I am better". Then they started fighting. Pig and Pony's fight went all night long. The farm animals were up all night because of the fighting. Goat said, "Will you STOP! I am tired of it. You are both special in your own way. Like Pig you are funny. Pony you can have people ride on you." Pig and Pony listened to Goat and they were friends again.

**Lesson: Do not think you are better than other people.**
